

PECB CERTIFIED ISO 31000 RISK MANAGER

MASTERING RISK ASSESSMENT AND OPTIMAL RISK MANAGEMENT BASED ON ISO 31000 AND IEC/ISO 31010

SUMMARY

In this three-day intensive course participants develop the competence to master a model for implementing risk management processes throughout their organization using the ISO 31000:2009 standard as a reference framework. Based on practical exercises, participants acquire the necessary knowledge and skills to perform an optimal risk assessment and manage risks in time by being familiar with their life cycle. During this training, we will present the ISO 31000 general risk management standard, the process model it recommends, and how companies may use the standard. This training is also fully compatible with IEC/ISO 31010 which supports ISO 31000 by providing guidance for risk assessment.
